Subject: Sunset Review of County Boards for 2016 – Board of Rules and Appeals

Pursuant to Section 2-11.40 of the Code of Miami-Dade County, I am submitting the 2016 Sunset Review of County Boards Report for the Board of Rules and Appeals for transmittal to the Board of County Commissioners (BCC). The Board approved the attached report at its meeting of March 17th, 2016.

It is recommended that the BCC approve the continuation of the Board of Rules and Appeals.

BACKGROUND

The Board of Rules and Appeals was established in 1957 through the enactment of the South Florida Building Code and then restructured in 1991 through Ordinance No. 91-73. The Board ensures a fair and effective code appeal process for all aggrieved parties with the full participation of the public, the building industry, and building officials. Since its creation, the Board has heard thousands of administrative appeals and has addressed many building code issues. The Board of Rules and Appeals should continue to function to serve and safeguard the community through the review of appeals and the uniform application of the Building Code.

II. **EVALUATION CRITERIA:**

1. **Is the Board serving the purpose for which it was created?**

The Board of Rules and Appeals (BORA) meets once a month to consider appeals and disciplinary hearings.

The Board, through its full board meetings and at subcommittee level, has met the criteria and functional duties outlined in Chapter 8 of the Code of Miami-Dade County. (See Appendix "C" ordinances for an outline of the authority.) BORA has responded to all appeals both on a regularly scheduled meeting basis and through emergency hearings and has addressed every agenda item presented for resolution. In addition, the Board has had excellent attendance at the monthly meetings. (See Appendix "B".) Based on BORA's performance in this regard, the requirements for the Board as outlined in Chapter 8 continue to be fulfilled.

2. **Is the board serving current community needs?**

The meetings of the Board of Rules and Appeals are performed with the full participation of the public, the building industry, building officials and their staff as well as all aggrieved parties and/or concerned individuals.

BORA has successfully brought non-complying building(s) and communities into compliance utilizing the appeal and review process and, in so doing, has provided a safer place to live for the residents of Miami-Dade County.

The Board, through its open discussion process, has afforded the community a place to be "heard" and to be allowed to seek a resolution to their building code concerns. As a Board of professionals, standards are fairly applied without sacrificing safety and compliance with the Building Code.

BORA, through its Certification Subcommittee and the staff of the Board, has insured that the integrity, qualifications and educational standards for building officials, plans examiners and inspectors in Miami-Dade County are of the highest caliber.

In accordance with prior court rulings, the Board has continued to actively conduct disciplinary hearings of State Certified Contractors for fraud and/or willful violations of the Building Code.

3. **What are the Boards' major accomplishments?**

The following is a condensed description of accomplishments in 2014 and the 2015. (See Appendix "E")

- 850 Certifications and Recertification's of Building Officials, Plans Examiners and Inspectors
- N/A Extensions - Temporary Certificate of Occupancy or Temporary Certificate of Completion
- 18 Building Official Appeals
- 9 Official Interpretations of the Building Code
- 376 Formal Hearings (State Certified Contractors)
- 746 Probable Cause hearings (State Certified Contractors).

4. Is there any other board, either public or private which would better serve the function of the board?

There is no other board serving the functions of the Board of Rules and Appeals.

5. Should the ordinance creating the Board be amended to better enable the board to serve the purpose for which it was created?

A review of the cross sectional make-up of disciplines within the boards indicates that BORA has a broad category scope of membership to address all aspects of the Code, not just limited to the technical aspects.

Since implementation of the Florida Building Code (FBC) in 2002, the functions of BORA have continued increase. The Board has successfully handled new FBC appeals as well addressing remaining South Florida Building Code issues.

6. Should the board's membership requirements be modified?

The board's membership requirements are properly balanced for its present duties.

Currently, there are two (2) vacancies on the Board in the capacities of Electrical Master and the Fire Service.

7. What is the operating cost of the board, both direct and indirect?

All of the members of the BORA are volunteers and as such receive no compensation for their services.

Direct and indirect cost for the Board for Fiscal Year 2014 was \$3,615 and \$138,701 respectively and for Fiscal Year 2015 was \$1,780 and \$140,262, respectively.

8. Describe the board's performance measures developed to determine its own effectiveness in achieving its stated goals.

The Board of Rules and Appeals does not have any stated goals, but rather operates under meeting the guidelines set forth in Chapter 8 of the Code of Miami-Dade County. The Board's overall goal is to facilitate the appeal review process in a fair and effective manner and to complete each meeting's agenda items. In addition, the Board has rendered determination on various appeals and building code matters as well provided oversight on code certified personnel throughout Miami-Dade County.

(See Appendix "E" for Board Recap of Actions).

APPENDIX C

MEMORANDU

Amended
Substitute
Agenda Item No. 2(h)

TO: Honorable Mayor and Members
Board of County Commissioners

DATE: July 9, 1991

FROM: Joaquin G. Avino, P.E., P.L.S.
County Manager

SUBJECT: Proposed Substitute
Ordinance Amending Chapter 8
of the Metro-Dade Code
and Chapter 2 of the
South Florida Building Code
O#91-73

RECOMMANDATION

It is recommended that the proposed substitute ordinance appended hereto amending Chapter 8 of the Metro-Dade Code and Chapter 2 of the South Florida Building Code be adopted by the Board of County Commissioners.

BACKGROUND

The attached ordinance was developed as a result of a combined report of the Dade County Board of Rules & Appeals and the Audit and Management Services Department. Both groups independently studied the May 15, 1990 report of the Dade County Grand Jury as it related to the Board of Rules & Appeals and its support staff. The ordinance provides for the separation of the Building Code Compliance Office, formerly known as the Code Enforcement Office, from Dade County Building & Zoning Department. This separation was recommended by the Grand Jury and endorsed by both the Board of Rules & Appeals and Audit and Management Services.

The ordinance amends Chapter 8 of the Metro-Code and Chapter 2 of the South Florida Building Code to accomplish the separation and to have the Chief Building Code Compliance Officer serve as Secretary of the Board of Rules & Appeals. The Chief Building Code Compliance Officer will serve at the will of the County Manager and report to the County Manager's Office, but will receive technical direction from the Board. This ordinance also re-establishes reporting requirements for the Board and its staff.

The Board of Rules & Appeals staff is currently funded by Building and Zoning Department Revenue. The ordinance enables establishment of a code compliance fee to be collected by each building jurisdiction and transmitted to a special fund held by Dade County to fund the Building Code Compliance Office. This compliance fee will be determined based on the value of construction and added to the permit fee. The ordinance also provides for the establishment of a fee schedule for the sale of the South Florida Building Code, certification of building officials and other services provided by the office.

The substitute differs from the version approved on first reading in two respects: The name of the Code Enforcement Office has been changed to Building Code Compliance Office in order to more accurately describe the function it serves in interpreting the South Florida Building Code and providing assistance to municipalities in ensuring compliance with the Code. The alternate also modifies the qualifications for the Chief Building Code Compliance Officer to allow consideration of registered architects.
